Including taking Erynn and Cayden to the Tampa Bay Lightning Hockey School for 5 consecutive summer camps in Tampa Bay, Florida, USA. He loved spending time with his family. Bryan loved the outdoors, whether skiing in Vermont, traveling to Europe, Saint Lucia, Costa Rica, spending time sailing and powerboating on the lakes of Ontario or simply fishing on the dock in Killarney. Bryan enjoyed sharing his passion of the outdoors with his friends and family. He was always willing to help his friends and family whether it was to cut down a tree or build a dock, Bryan would always help with a smile on his face. As a family we praise God for Bryan's life, we will never forget the impact he made on his family and friends.
